"TO DREAM THE IMPOSSIBLE DREAMS,

TO FIGHT THE UNBEATABLE FOE . . ."

Amidst all the skepticism, dissension and conflict in this strife torn world, it would seem there was little room left for idealism. Whoever thinks this does not know our youth of today. What we read in the papers is not what we see before us in our day by day relationship with such as these in the graduating class of 1968.

To achieve, to become actively involved in their school and in their community has been a distinctive identifying feature of this class.

You would like to feel there is something more to high school, to education, than achieving skills and knowledge. You would like to feel that you had actively participated in making your school a little better for your having been a living part of it these past four years.

Take this restless energy, this desire, — "This quest to follow that star, no matter how hopeless, no matter how far" — and channel it into worthy streams of effort. Continue your education from this Commencement into greater achievements, and you will find "the world will be better for this" — your part in making it so.

Alvin C. Irving

The very substance of the ambitious is
merely the shadow of a dream.

SHAKESPEARE

*Now our quests begin. Now we must each
depart in search of our special dream.*

*The challenges of a dramatically exciting new
world await us. Endless opportunities beckon. The
advantages of these opportunities will be em-
ployed according to the initiative and the ambi-
tion of each graduate. As individual personalities
we must be prepared to assume the responsibilities
of our own personal quest. We will all be striving
to attain different levels of achievement. Even
though our goals may be far from impressive and
idealistic, we must all exert our best effort.*

*We are about to begin a quest which will serve
to shape, to pattern, and to form our destinies; a
quest which will bring promises of success and
defeat, of trial and hardship, of glory and fame.
We must begin to run, to fight, to love and to try
to make our dreams come true in an unpredictable
world. We shall succeed. We shall make each
impossible dream a reality.*

Mrs. Foster, throughout the sixteen years you have been a member of the Melrose High School faculty, you have been an inspiration to each of your students. You made the study of English a delight through your own appreciation of the versatility of our language. Although you principally taught Business English, there are many of us who will never forget our Freshman Honor's English course in which you stimulated our interest in fine literature and guided us in the techniques for skilled writing. It is with sincerest regret that we see you go, and we wish you many years of continued teaching success in your new home in Maine.

Ruth E. Foster

Kathryn L. Garden

Throughout your thirty-four years of service at Melrose High, Miss Garden, you have been both a devoted teacher and an inspiration to all of your students. Modern History assumed a new dimension through your appreciation of the fine arts and the sharing of your personal experiences in other countries. Although your teaching career has ended, you will be remembered for your loyalty, personal warmth, and understanding—so essential to each of us as students. We wish to take this opportunity to thank you for your kindness and guidance and sincerely hope that you may enjoy continued success in whatever you choose to pursue in your well-deserved leisure time.

Among the several factors which have influenced us as individuals, the guidance and stimulus of our faculty have been most significant in our quest for knowledge. Theirs was the task to satisfy our incessant craving to learn, to provide understanding, to breed interest, to recognize talents, and to encourage the development of our particular abilities. Through their efforts and concerns, many of our desires have already been attained and certainly many a seemingly “impossible dream” will be realized.

Critters?!? Now would I ever tell you a lie?

Yes, Mr. Ceddia, there *is* a Santa Claus!

As seniors we have reached that phase in our education when we must make many commanding decisions. For some of us this may entail another four years or more of education in college, a career in business, marriage, foreign service, or military duty. Whatever we choose to pursue, we must accept it as a challenge and exert ourselves whole-heartedly toward its ultimate achievement. Indeed, the Commencement of our high school days will leave us with many fond memories—the friends, the fun, the trials, and the tribulations which have all served to make us the people who we now are. One “impossible dream” has been realized, and if we “follow the star” of honor, justice, and perseverance, certainly every new experience in our lives will be a rewarding one.

Through our participation in the various extra-curricular organizations in high school, we have afforded ourselves the opportunity to exercise our imaginative and creative abilities, to increase our appreciation and understanding of the arts, to cultivate and develop our talents more fully, and to widen our perspective and outlook on society and foreign cultures. Music, dance, art, and drama have presented us with the chance to create and express our own moods and recreate those of others. Many of us realized for the first time the skills and sportsmanship necessary in athletic competition. Clubs such as debate exacted poise as well as careful analysis and preparation of materials. Certainly we have gained insight and experience through membership in these organizations, but far more important, we have learned that time, patience, and devotion are the only sure ways to achieve success at anything worthwhile.

This year the Student Government organizations of the school embarked on a re-valuation program. The Student Council, under the direction of Mr. Anthony Ceddia, made many advances in the area of student-faculty and Student Council-Student relations. Lines of communication in the form of a Student Council Bulletin Board and suggestion box were established.

The Student Council again sponsored the Winter Ball. The theme this year was "Fantasia". One other major event was the joint Student Council-Student Congress project to raise money to send to the Peace Corps for the building of a school in our school's name.

Imprint

Our outstanding school newspaper, the *Imprint*, has been and will continue to be a great asset to our school. Under the advisorship of Mr. Chisholm and Mr. Humphries, managing editor Robert Hildreth and his skillful staff, have made this year's *Imprint* outstanding. During the year, students are urged to write letters to the editors on any matter which they feel will be of value to our school. With the addition of the *Thistle* to our school publications, students may also submit any original piece of poetry or prose. The *Imprint* bookstore has a fine allotment of books that can be bought at any time, particularly during their annual book fair which everyone is urged to attend.

We owe a lot to the editor and advisors of this year's *Imprint*, and we appreciate all the time and effort they have put into its publication.

With Gerald Hayes (Pres.), Gail Russell (V. Pres.), Priscilla Mandrachia (Sec.), and Priscilla Stone (Treas.), the club schedules tourneys at Dartmouth, BC, Holy Cross, Georgetown, Pittsburgh, and elsewhere. Led by the Ira Burnim-Gail Russell combination and with strong veteran support, the teams won first place honors in every competition and consequently added to their massive trophy collection. The Honor Society contributes to the Permanent Scholarship Fund by the annual sale of Red Raider decals at sports events and throughout the year.

At the induction ceremony, the meaning of the symbol M, representing Melrose High School and Man, is explained to every new member. The M holds the eternal flame of knowledge supported by the two pillars of truth, honesty, justice, and service.

Membership in the MELROSE HONOR SOCIETY is the mark of distinction toward which all students aspire. A strong incentive to outstanding academic achievement adds a significant dimension to the growth of the students' total high school experience. The Honor Society grants recognition to those students who earn "A" in at least ten points of prepared courses and no grade lower than "B" during the four periods of eligibility (second and fourth quarters of Junior and Senior year). The members hold passes for the library and are privileged to wear the gold M. Students who have earned membership by qualifying three out of the four periods of eligibility are distinguished at graduation by wearing the red tassel.

Student Activity Tickets are sold to provide money for the various clubs affiliated with the high school. GIRLS' CLUB OFFICERS

Left to right: Mrs. Gardiner, Dean of Girls; A. Greene, V. Pres.; P. Rotondi, Pres.; J. Galatas, Sec.; L. Parsons, Corr. Sec.; K. Lacey, Treas.; Miss Blanchard, Advisor.

Girls' Club

The Girls' Club of Melrose High School started off the year with a bang with its Powder Puff Football game. A huge financial success, the game had all the trappings of a real football game, except that the cheerleaders strongly resembled the football players, and the football players, with long flowing locks, looked like Girls' Club members.

The fall season also included a guest speaker, Mrs. Laura Cochran of Chandler School for Women, who spoke to the young ladies of the school at an open assembly on good grooming, proper dress, and manners.

Carrying on a tradition of many years, the Girls' Club also gave generously at Thanksgiving time when they packed and distributed twenty baskets to the needy families of Melrose.

In December the Girls' Club held its first Christmas Tea for the mothers of the members. The school library was beautifully decorated with Christmas wreaths, a tree,

holly, and laurel roping.

A lovely tea service, donated to the school by the Girls' Club, was used for the first time. As each mother entered the room, she was presented with a beautiful Christmas corsage made by the members, and they later enjoyed refreshments and the skit put on by the members.

The month of January saw many Melrose High School girls checking their appearance more carefully in the new full length mirrors donated to the school by the Girls' Club. Also in January the Girls' Club journeyed to Boston to attend a theatre party which was great fun. In February everyone took to the hills as Girls' Club members were seen swooping over the slopes on their first annual ski trip to the north country.

The third annual May breakfast was the usual Spring success and the season concluded with the election and installation of officers.

Choral Groups

The GLEE CLUB, under the direction of Mr. Warren Wood, began its 67-68 season with the return of veteran members of the group and the addition of many enthusiastic freshmen to its numbers. An excellent program, which was presented at the Thanksgiving Assembly, attested to the fact that something successful was indeed going on in the music room during "B" block. The annual Christmas Vespers was received by the public with great interest and enthusiasm. New Christmas songs, as well as selections from the "Messiah", and the traditional carols were presented. Preparations progressed during the rest of the year in anticipation of the Spring Concert and the Musical Show. The Glee Club enjoyed a very fine and successful season and Mr. Wood looks forward to the return of many underclassmen next year.

The M.H.S. ENSEMBLE, a carefully selected group comprised largely of members of the Glee Club, is a public-performing organization. Members rehearse during the Activity periods, and have delighted such groups as the Rotary Club, and the Methodist Church Couples' Club with their singing talent.

Band

The Melrose High School Band will remember this as the year of the raincoats! Although the weather on Thanksgiving was damp, it didn't affect the spirit and performance of the Band. Under the direction of Student Leader, Libby Waste, The Band played a variety of selections and designed many new patterns on the field during the fall season. Most prominent was the rendition of "Yellow Bird" with its smoke jet and the jazz versions of "Swanee" and "Saints In Concert". The Indian mascot, David Hall, again danced to the "Indian Fanfare."

For the first time the band accompanied the basketball team to the Boston Garden, where they played for both the M.H.S. and the Celtic's games. The annual Spring Concert was a success and the band again represented Melrose High School in the Memorial Day Parade and completed the season at graduation.

The entire band wished to thank Mr. Love for another very successful season.

Future Teachers of America Club

The Future Teachers of America Club has attained its goal this year which was to attend and sponsor as many educational programs as possible. Under the excellent direction of our President, Jeanne-Marie DePetris and the assistance of our other officers, Sandy Parisi, Vice President, Karen Simpson, Secretary, and Betsy Harris, Treasurer, this has become possible. Our activities have included visits to WGBH-TV and Boston College, sponsoring a panel discussion by Lesley College, guest speakers on teaching experiences, and social functions for fund-raising purposes.

Orchestra

Under the expert guidance of our new conductor, Mr. Leutz, the orchestra reached new levels of achievement. Once again the orchestra opened the Vesper program with a medley of traditional Christmas music. This year's repertoire included a concert version of "Mame", "Siboney", and a suite from works by Handel among others. Membership in the M.H.S. orchestra entitles students to audition for participation in such groups as the N.E. district festival, Mass. All-State, and the widely acclaimed Greater Boston Youth Symphony Orchestra. Participants this year in these organizations were Susan Mrose, Priscilla Ford, and Irene Mrose. With the new enthusiasm of Mr. Leutz, all can look forward to years of continued and greater successes.

DECA

The letters in the word, DECA, stand for "The Distributive Education Clubs of America." DECA is a nationwide organization established for distributive education students at a high school and junior college level. It is through DECA that distributive education students put into practical application the lessons learned in the classroom.

We, the students of Melrose High School, that are members of the DECA Club, hope that we have made a valuable contribution to the student activities program.

Drama Club

Under the direction of Mrs. Joanne Hamlin, and the leadership of its officers: Scott Ridlon, president; Catherine Bertulli, vice-president; Josephine Gandolfi, corresponding secretary; Nancy Doldt, recording secretary; and Bruce Haas, treasurer; the Melrose High School Drama Club enjoyed another year of great success. The year was begun with a membership drive which yielded the club many talented and creative people, boosting the membership number very near to 150. A social and Evening of One-Act Plays highlighted the fall season with "The Boor", by Anton Checkov, an old-time melodrama, and a rather avant-garde play entitled "Impromptu". "The Skin of Our Teeth", by Thornton Wilder, was chosen as the major production. The casting included Stephen Case as Mr. Antrabus, Ann Pustell as his wife, Ann Bernard and Scott Ridlon as the children, and Jodi Gandolfi as Lily Sabina the maid. The production, one of the largest and most expensive which has been produced here, was most enthusiastically received, and the many months of hard work were evident in the final product. After "The Skin of Our Teeth", the club made its annual trip to the Stratford Shakespearian Festival in Connecticut to see various plays. The Melrose High School Drama Club enjoyed an excellent season and was able to do much toward expanding the individual interests and talents of its members and instilling more of an appreciation of the dramatic arts in the school itself.

Cheerleaders

Raccoon coats, megaphones, saddle shoes, shakers, letter sweaters, sore throats, smiles, pep and spirit. . . . What have you got? . . . What else?—an M.H.S. Cheerleader!

Football, hockey, basketball—whatever the sport, the cheerleaders were there enthusiastically backing up the team and cheering them on to victory. The 1968 squad, captained by Jean Tivnan and advised by Miss Flanagan, led thousands of loyal spectators in cheers, songs, and chants. "Hit 'em with RED . . . smash 'em with WHITE." No one will ever forget the marvelous Thanksgiving Game with its puddles, drenched uniforms, raincoats, smiles and—victory. Any cheerleader can tell you a hundred stories about wild bus rides, delicious football brunches, locker room orgies, crazy newspaper photographers, late afternoon practices, new uniform fittings, last minute rally preparations and all of the fantastic M.H.S. varsity games. During the winter the cheerleaders were kept busy with four games a week—highlighted by exciting Friday night basketball games and Saturday afternoon hockey games at the Arena. The only time the girls kept quiet was on the segregated hockey bus—well actually even then they were sometimes loud. "This place sounds like a barnyard!" (anonymous)

The cheerleaders did a great job. Their efforts and encouragement helped make 1967-1968 a great year for Melrose High Sports.

Front row: S. DeFreitas, P. Bond, P. O'Hara (head majorette), D. Malenchini, M. McBride. *Back row:* S. Burke, L. Mutti, S. Parisi, J. Fowler.

Majorettes

During football season, if you happened to walk out by the "Planter" at 2:30 every afternoon, you would see a group of girls twirling and humming to such songs as "Tijuana Taxi," "Mame," "Spanish Flea," "More," "Red Raiders," etc., and you would know right away that these girls are the M.H.S. Majorettes. Each week during football season the majorettes must work out new routines for every song that the band is going to play. Without an advisor to instruct them in routines, it is all up to head majorette Patty O'Hara to practice with the girls and teach them new routines. The hours that the girls put in practicing really show up in their final performance. These majorettes of ours demonstrate a great amount of skill and agility in every show they perform.

Football season, however, is not the end of the year for the majorettes. They must also twirl at rallies, the Spring Concert, and exchange concerts. Chances are if you see a girl stepping peppily down the hall twirling a pencil, a comb, or some other similar object, you'll know right away that she's an M.H.S. Majorette!

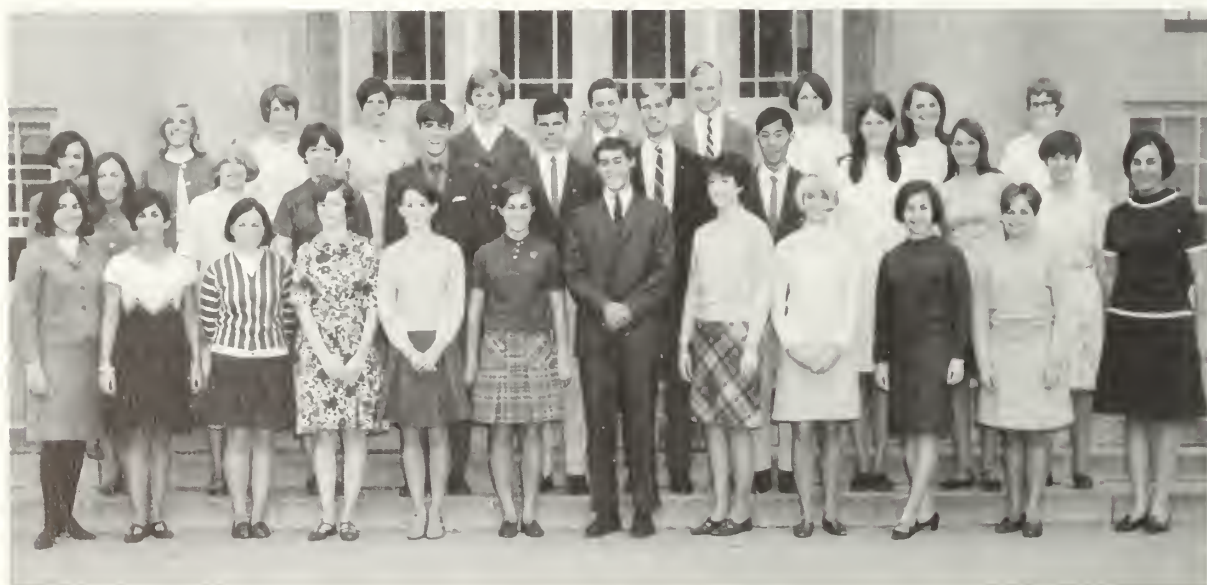

First row: H. George, K. Rando, S. Nichols, J. Marcoux, S. Butler, J. McCann, J. Mabee, E. McCarthy, G. Russell, M. Soule, J. Hughes, V. Ryder, J. Panasuk, J. Collins, C. Anderson, N. Morash, K. Downes. *Second row:* Miss Heald, J. Goff, M. Shepard, M. Cook, S. Vance, M. Moore.

French Club

Going into its second year at Melrose High, the FRENCH CLUB, under the guidance of Miss Heald, has participated in various activities. The club's six meetings began with the annual French dinner, which this year included a speaker from Tufts University, a French play put on by the members, a trip into Boston for a dinner at one of the French restaurants, and a movie. Various speakers were other activities the club undertook thus far. With the growth of the club's membership to 55 this year, it looks as though the French Club will be in following years one of the most popular clubs in the school.

Spanish Club

Also in its second year at Melrose High School, is the Spanish Club under the direction of Miss Athanasoulas. The Clubs' outstanding activities this year were: a speaker on career opportunities in Latin America, a Christmas party for Puerto Rican children, a field trip to see ANTONIA and BALLETS OF MADRID, a folk ballet, dining out at a Spanish restaurant and observation of Pan American Day along with various lectures and workshops. A continuation of this fine organization is anticipated by all its members.

Coach Bloom feels that freshmen Bob Rand, Bob Foster and sophomore Jeff Billington will help next year to make up for his loss of senior Bruce Downey, this year's team captain and top shooter.

Ski Club

The SKI CLUB continues to be one of the largest groups in the school with a membership of over one-hundred active students. Day trips are made to various ski areas and classroom instruction is given in all phases of the sport including first aid. Future plans call for participation in an organized racing league.

As we look back upon our four years of high school, some of our fondest memories will be of those activities which brought us closer in understanding and co-operation to our fellow classmates. Through such projects as the Winter Ball, the Washington Party, and the Junior Prom, we gained social poise, experience in organization and creative planning, and many new friendships. Each of these activities confronted us with a challenge and opportunity to exhibit our creative and imaginative talents, and its success depended upon our willingness to work, plan, and co-operate. With the guidance of our faculty and our own enthusiastic participation, each event was a gala and memorable affair. On the pages which follow, we have attempted to recapture some of the joy and laughter which made each of these affairs "a dream come true".

The fulfillment of their goal was well worth the months of fund-raising which preceded it.

BALL

To most every student, sports and sports competition are a vital part of high school life. Sports are as numerous as they are different, and anyone who has the desire is sure to find at least one from which he personally can derive pleasure and rewarding satisfaction. As with all worthwhile undertakings, sports demand a lot from an individual—determination, drive, and often hours of tedious practice. All of us will recall the rallies, the enthusiasm, and the spirit which carried us through to so many victories. Yet victory in itself does not determine the success of a team. Certainly there is far more satisfaction in the friendships formed, the skills mastered, and the qualities of good sportsmanship developed than in the actual winning itself.

The Melrose High School Red Raider football team, under the leadership of Coach Joe Hoague and Captain Bill Marcoux, was apprehensive about the '67 season. They found out what to expect soon enough. After suffering two early losses to Stoneham and Lexington, they bounced back and took a hotly contested battle from Belmont, winning by a score of 26-14. It seemed that the wins and losses came in cycles this year. After the Belmont game, Melrose absorbed two more losses before rising up to defeat Lynn-Classical in a non-league game. Then in two home appearances the Raiders met defeat at the hands of the ultimate Middlesex League Champion, Reading, and a strong Newton South eleven.

Now the cycle was set and the scene ready for the Thanksgiving Day tilt with arch-rival Wakefield. The weather was a dominant factor in this battle as it rained from just before the start throughout the rest of the day. However, the rain was not too much for the fired-up Red Raiders who scored early and held on to the lead for the rest of the game. Wakefield scored but missed the points. The team's most glorious moment came when Wakefield gained a first down within the Melrose ten and for four plays, including a field goal attempt, the staunch Raiders held them off. Next year promises to prove an interesting one in that Coach Hoague has many starters returning.

There are many reasons why this year's field hockey team ended up with a fairly good record (4-1-3). One of the reasons for their good fortune was that everyone on the team played as a team. Another reason was the support and spirit that everyone displayed in every game. Our field hockey team had two fine and skillful co-captains, Janet Johnston (offensive player) and Libby Waste (defensive player).

The hard practices paid off for Melrose except in one game. Arlington proved to be a very strong team and Melrose failed to score against

them.

The most exciting game was the last game of the season against Wakefield. Melrose thought they had the game wrapped up, but in the final three seconds of the game Wakefield managed to tie the game up. Holly Sampson was high scorer of the year.

Every night before a game signs would appear on the doors of the houses of all the varsity players. Where did these signs come from? Who knows?!

The Melrose High School Cross Country team ran to a winning season this past fall. After losing their first two meets to Wakefield and Reading, the Harriers, led by Senior Co-Captains Mike Forrest and Mark O'Brien, roared back to take four of the next five meets for a 4-3 won-lost record.

In the Middlesex League meet, Coach James Morrow's runners placed fifth behind Wakefield, Stoneham, Lexington and Winchester. Mike Forrest came in second place, running the course in the third fastest time ever. Melrose ran in Division One for the first time in the state meet. Mike Forrest placed 32nd and Mark O'Brien came in 60th.

The Junior Varsity team had an even better season. Paced by Bill Babcock, John Griffin, and Bill Puddister, the J-V's rolled up five wins against only two losses.

Basketball

Melrose High's Varsity Basketball team completed another successful season in '67-'68 under the direction of Coach John Killilea, but due to two early losses to non-league teams, was not eligible for post-season Tech Tourney play.

The Melrose team, defending State Champs, suffered losses in their first two games to Class A power-houses Boston English and Durfee. The courtmen bounced back to take the next eight games, seven league and one non-league over Woburn. In that streak the Raiders upset a strong Stoneham team and beat Wakefield, Reading and Lexington, all strong clubs.

A bad streak hit Melrose after that, however. They lost to league champ Stoneham, beat Belmont but then lost three of the next five and were mathematically eliminated from the Tech Tourney.

The Raider team was led by Captain Jim Rogers and veterans Nels Nelson, Doug Cranford, Mark Miliotis and Bob Dix. Coach Killilea used quite a few underclassmen this year and has a pretty good nucleus for next year's squad. Boys seeing starting action this year were J. Rogers, N. Nelson, D. Cranford, D. Doucette, J. MacDonnell and M. Miliotis.

Girls' Basketball

The MHS Raiderettes completed their best year within the last seven years with an 8-1 record. Their only loss was to Arlington by three points. Captain Jan Johnston and J.V. Captain Ellen Christoforo kept the spirit high throughout the season. The team's high scorer was Libby Waste with Ilona Kwiecien not too far behind. Although the J.V. team had a losing season, this year will be remembered by all because it was the first time the Melrose Raiderettes ever defeated previously undefeated Swampscott.

JUNIOR VARSITY

Gymnastics

Again this year, the gymnastics team, coached by William Reynolds, was forced to face up to a lack of interest at M.H.S. However, even with the lack of depth caused by the loss of key seniors, the team managed a 2-6 record, defeating Reading and Masconomet. Outstanding this year were: Tony Moore, rings; Captain Peter Reynolds, side horse; Peter Tai, high bar; Paul Evans, all-around.

Hockey

The Melrose High School Varsity Hockey team completed another successful season this year, winning for the fourth straight time the Middlesex League Championship.

Backboned by Senior Captain Mike Sullivan and veterans Steve Dolloff, Larry Abbott, Dave McCarthy and Mike Forrest, the Hughesmen lost only two games, one to Watertown 3-2 and one late season game to Stoneham 4-3. An early injury to first line center Steve Dolloff left the Raiders with a big gap but the team combined to make-up for the loss.

Coach Hughes had three primary lines. The first, Joe White, Sullivan, and Dolloff provided

scoring punch; the second, all sophomores, was Rich Harris, Ed Hughes, and John Baier; and the third, all seniors, Rob Watson, John Griffin and Forrest was the checking line. Don Knight and Ed Priestley filled in for McCarthy and Abbott on defense.

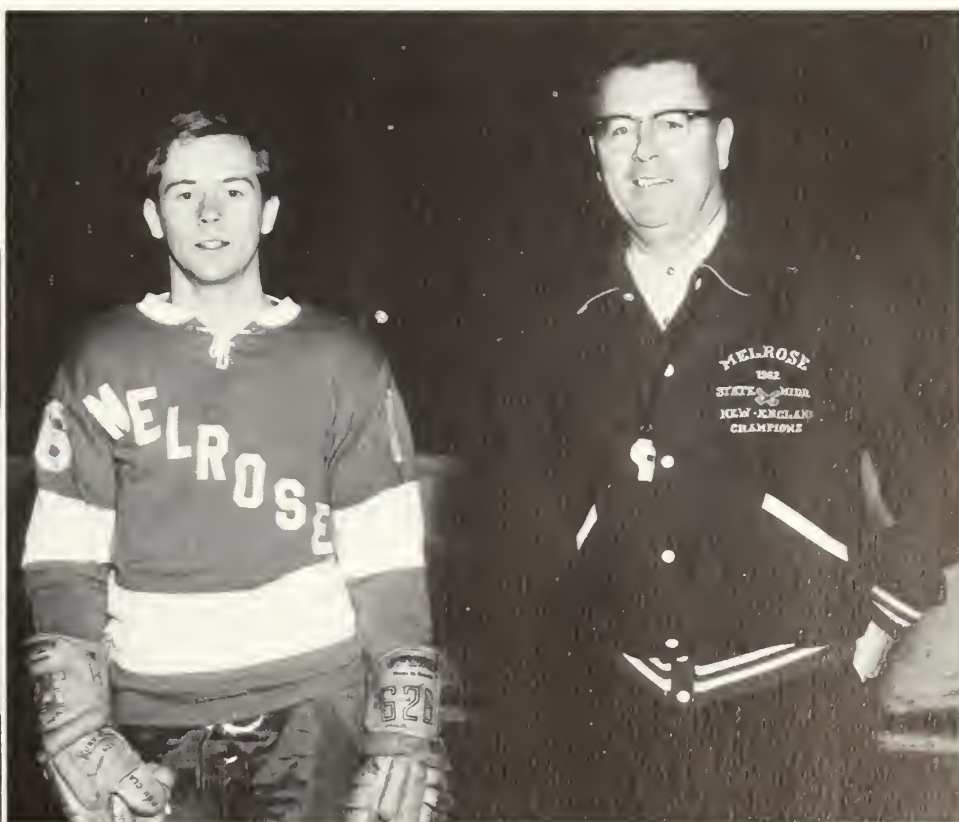

In the States the Raiders took their first two over Newton-South, 10-0, and Archbishop Williams, 5-1, before losing in the Quarterfinals to Arlington.

As usual, Melrose looks as though they will have a strong club next year with many men returning.

Front row, seated: M. Forrest, M. Sullivan, D. McCarthy, E. Priestly. Second row: W. Conway, Coach Hughes, J. White, L. Abbott, D. Knight, S. Dolloff, A. Paone (Manager), K. O'Brien. Third row: R. Watson, J. Baier, R. Harris, J. Griffin, E. Hughes.

Winter Track

Coach Robert McIntyre's Winter Track Team had a very successful season, to say the least. Unfortunately, Captain Bruce Morley was injured during the first meet with Concord and was not able to participate for the remainder of the season. The team had a record of 6-1, losing only to Wakefield. One of the team's greatest thrills was winning the Indoor State Class B Championship at the Garden. Melrose had three state champs on this team: Rick Comeau—300 yd. dash, Damon Dehart—45 yd. high hurdles, and George Leach who broke the existing schoolboy record for

the high jump.

In an exciting and close meet, Melrose lost the Middlesex League title to Wakefield. The team made a great comeback by capturing the B.A.A. Open Interscholastic Championship meet where Leach and Comeau once again proved themselves to be champions. Melrose was the first non-class A team to win this important meet. Coach McIntyre states that this year's team was "one of the finest teams that he has ever had the privilege to coach and that they deserve all the credit for a job well done."

Wrestling

The Melrose High School Wrestling team completed the 67-68 season winning ten and losing only one. They captured the Middlesex League crown for the second straight year and placed second in the Sectional meet and sixth in the State meet.

The grapplers won their first seven meets over Brookline, Winchester, Concord, Scituate, Wakefield, Newton South and Lexington before losing a 21-16 decision to Westford Academy. The Raiders came back to take Reading, Hamilton-Wenham and ultimate State Champ Lowell.

The wrestlers were led by Co-Captains Rich Goodhue and Al Chasse and veteran wrestlers Phil Russo, Jay Pingree and Butch Petty. Coach Frank Ball fielded a young team this year and will have many veterans returning next year.

Varsity team members were B. Babcock, B. Ward, P. Russo, J. Pingree, R. Goodhue, R. Foster, J. Sullivan, A. Chasse, M. Skane, J. Scarpa, E. Hanlon, B. Petty.

Swim Team

Swimming, a new varsity sport, was introduced this year to M.H.S. under the direction of Coach Lawrence Ullman. Captain Dick Whitworth was high scorer for the team. Other seniors on the team were Kent Marsden and Tom McCarthy. Captain Whitworth made the finals of the Eastern Mass. Championship in his specialty, the breaststroke. Although the team had only four wins, Rindge Tech, Norwood, and twice over Danvers, they are looking forward to a successful season next year when they will be a member of the Greater Boston Swim League.

MEMORIES

The Impossible Dream

To dream the impossible dream, to fight the unbeatable foe,

To bear with unbearable sorrow, to run where the brave dare not go.

To right the unrightable wrong, to love pure and chaste from afar.

To try when your arms are too weary, to reach the unreachable star!

This is my quest, to follow that star, no matter how hopeless, no matter
how far;

To fight for the right without question or pause.

To be willing to march into hell for a heavenly cause!

And I know if I'll only be true to this glorious quest,

that my heart will lie peaceful and calm, when I'm laid to my rest.

And the world will be better for this;

That one man, scorned and covered with scars,

Still strove with his last ounce of courage

To reach the unreachable stars!

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone.

Why not talk with our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
